1. The Accumulatorenwerk Oberschöneweide manufactured about 900 light accumulators for airplanes in October and November 1953. The accumulators are 21 KW, 80 amp.-hrs. capacity. The materials were supplied by the Soviet Union. There has been no change in the production of accumulators for electric cars and other vehicles.

2. The generator department is working on a Soviet order which has to be ready to ship out by the end of December. The accumulators so far produced are well packed and shipped off to Rostock.
